Living Wisely Already in our Youth

My dear youth,

What is your goal in life? Once you answered this question it is followed by, what our life goal is greatly and directly influencing our entire being and consequently our way and conduct of life.

It is our concern as your bearers of blessing to give you the godly direction on your goal in life. Your daily focus in life determines

your conduct in life must be guided in God fear to live wisely already in your youth (Psalm 111: 10).

Apostle Peter has given this direction already to our brothers and sisters in his time: "Conduct yourselves throughout the time of your stay here in fear" (1 Peter 1: 17).

While we are here on earth, may your goal in life be is to "be faithful until death in order to receive

the crown of life" (Revelations 2: 10). To be faithful one has to practice God fear.

The fear of God comes from recognizing God's greatness and love. When we fear God it means that we are conscious of God's love and deeply urged to do His will.

When your relationship with your parents is rooted in love, then your parents who loves you and whom

Catalogue of Conduct

We wish to give you our dear young people 3 sets of catalogue of conduct so that it can be your guide in living your life wisely.

1. BE FAITHFUL IN THE FAITH – To whom do you listen? To the Holy Spirit or to the evil spirit? Faith comes from hearing the word of God. Let your conduct is to fear God by always coming to His house in every divine service to listen to His word and fulfilling it. The evil spirit whispers in our ears to let deteriorate our love and faithfulness.

Don't allow him to deteriorate your consistency, unchanging, continuous and conscientious love to God's work. Even in time of hardship, temptations and **trials**.

2. BE FAITHFUL IN PROFESSING OUR FAITH – To speak is not only through words but also through action. Action speaks louder than voice. Let your God fearing conduct shine as a godly example when we practice the essential characteristics of Jesus

Christ in our life. That in our time Jesus appears in our person through our works of faith. This is such a wonderful testimony.

To invite souls to come to God's house and to give someone, I Live... brochure or our I Live... film we also introduce our wonderful faith and an expression of our love towards our neighbors.

Don't let your consistency, unchanging, continuous and conscientious testimony of God's love deteriorate in times of

you love must be recognized. Even in time of tribulations, or many problems affecting your life. In hardship or even in poverty this love has to be recognized and proven.

In our relationship with our God and Heavenly father, it is also deeply rooted in eternal love. God loves us first and when we accepted and responded to this love when we say "Yes" on the day of our

Holy Sealing. Now while we are on our way to God's eternal home prepared for us. God permitted that we experience tribulations and the many problems affecting our life. Whatever the circumstances in life we have to prove our love in God fear and faithfulness.

We must realize that on earth "we have no continuing city", we are in

the world but are not of the world. We are strangers in the world. Our goal in life is to prepare ourselves to become worthy on the return of Christ as a bride of Christ.

When we recognize our spiritual goal "the return of Christ" our entire being and consequently our way and conduct of life is greatly and directly influencing us.

hardship, temptations and trials.

3. *BE FAITHFUL IN PRAYING* – Daniel is our model. He did not stop praying despite his life is already in danger because of his faithfulness.

The threats in his life did not change his consistency, his unchanging attitude towards God and his continuous and

conscientious fostering of relationship of love towards God.

He has proven his faithfulness and love to God in times of hardship, temptations and trails. God responded wonderfully by saving him in the den of lions.

4. *BE FAITHFUL IN OFFERING AND SACRIFICE* – It is easy to bring our offerings and

sacrifices faithfully when our economic condition is doing good. How about when we are facing economic crisis, are we still faithful. Do we still bring joyfully our thanks to Him.

We prove our faithfulness in offering and sacrifice when we are voluntarily active in God's work assigned to us, not only when we like it, but even when we don't.

During this time, Analou remained a joyful part of the youth because her heart is still a youth.

In February 2006, our

Apostle Letter Box

***Dear Apostle
Hebeisen,***

***Why did our Heavenly
Father permitted us to
lose a loved one even
she is a very faithful
soul?***

Loss is a human perception. A loved one leaves this earth and we miss him or her. God does not think in our dimensions. His work is not bound to time. When a faithful soul leaves us, then God has made this decision for a purpose only known to him.

I assume reference is made here to the departure of our Sister Analou. Certainly unexplainable but think what the Heavenly Father all could have had in mind. She was needed in eternity to do much greater things

she ever would have been able here on earth. Maybe he also protected her from sufferings or situations she could not have handled. Sure this is all speculative but God in His almightiness does not make any mistakes. We want to prove to him that we can bow under his will and that will make Analou also happy in her spiritual realm far from earthly pain.

Whatever experience we make it shall serve for the accomplishment of our soul and that includes our loved ones in eternity. Job had to experience that his house collapsed and his children died and it says that was in great grief but yet he could say: "...the Lord gave, and the Lord has taken away, Blessed be the name of the Lord"

The Bible testifies of Job: "**...in all this Job did not sin nor charge God with wrong**" (Job Chapter one)
